

Enlarging Solar Thermal Systems in Multi-Family-Houses,
Hotels, Public and Social Buildings in Europe

Seminar:

Large solar thermal systems!

When: 27 November 2007, 11.00-17:00h

Where: Brussels, Hotel du Grand Sablon

Morning session: Overview of markets, applications, current barriers to growth and how to overcome them

Afternoon session: In-depth discussion of different national markets, and their specific market development strategies – from planning, to training and Guaranteed Solar Results.

The seminar is organised by the European Solar Thermal Industry Federation (ESTIF) in connection with the IEE-project SOLARGE:
www.solarge.org

Free entrance – registration required

Intelligent Energy  **Europe**

Seminar: **Large Solar Thermal Systems!**

Date : Tuesday, 27 November 2007

Venue: Jolly Hotel du Grand Sablon
Rue Bodenbroek 2/4
B-1000 Brussel
www.jollyhotels.be

Programme

11.00 – 13.00h: Getting an overview: Solar heat and cold for multi-family-houses, public and commercial buildings

- Markets and applications: The specific segment of large solar thermal systems
- Current barriers to growth and systematic approaches to overcome them, two examples:
 - Germany: The need for a multi-faceted strategy – results from the recent GROSOL study
 - Spain: Development of large solar thermal systems in an obliged market
- How governments can help develop the market for large solar thermal systems
- Discussion

Lunch break

14.00 – 14:30h: SOLARGE – a joint effort to increase the share of large solar thermal systems; the good-practice database and other useful instruments

14:30 – 16:30h: National markets and their specific approaches to large solar thermal systems

- France: Large systems and the concept of Guaranteed Solar Results
- Austria: Training and quality assurance as a key requirement
- Italy: A specific market niche in a very dynamic market
- Denmark: Perspectives from a country with a long experience in large solar thermal systems

16:30h – 17:00h: Discussion with the speakers

The seminar is organised by the European Solar Thermal Industry Federation (ESTIF) in connection with the IEE-project SOLARGE: www.solarge.org

**Free registration – please send back to ESTIF:
FAX: +32 2 546 19 39 or EMAIL: info@estif.org**

[Note to ESTIF members: If you have registered already in connection with the ESTIF General Assembly, you do not need to fill-in this form!]

I would like to register for the seminar on large solar thermal systems on 27 November 2007 at the Jolly Hotel du Grand Sablon, Brussels.

Please check:

I plan to participate in the morning session and/or
 the afternoon session.

Organisation/Company: _____

Name: _____
